

Umeå Plant Science Centre

Hello Biology Students!

Are you interested in a fun project in Umeå,
Sweden?

Are **YOU** looking for an interesting opportunity for
your Erasmus internship or your thesis work?

WE are looking forward to teach you molecular
methods in a high-class research environment!

WHO ARE WE? We are a young and ambitious team
that works on plant transport proteins to reduce
nitrogen pollution.

INTERESTED? Just send us an email!
